

Round Table Wealth Management is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ, and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to “retail” investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

## What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Financial Planning Services; Portfolio Management Services; Selection of Other Advisers; Educational seminars/workshops; Asset Allocation Services; Financial Advisory Consulting Services; Family Office and Wealth Planning Services;** Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Brochure Items 4, 7, 13 and 16 by clicking this link: <https://adviserinfo.sec.gov/firm/summary/111304>

**Account Monitoring** If you open an investment account with our firm, as part of our standard service we will monitor your investments on a continuous basis and review them with you on a quarterly basis.

**Investment Authority** We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. We have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer **non-discretionary** investment management services whereby we will provide advice, but **you will ultimately decide** which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

**Investment Offerings** We offer advice on the following types of investments or products: equity securities, warrants, corporate debt securities (other than commercial paper), municipal securities, variable life insurance, variable annuities, mutual fund shares, United States government securities, options contracts on securities, money market funds, real estate, REITs, derivatives, structured notes, ETFs, private placements, hedge funds, interests in partnerships investing in real estate, interests in partnerships investing in oil and gas interests and interests in partnerships investing in private equity.

**Account Minimums and Requirements** In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively. We impose the following other minimum requirements to open and maintain an advisory account: Minimum fee \$ 10,000.00.

## Key Questions to Ask Your Financial Professional

- Given my financial situation, should I choose an investment advisory service? Why or Why Not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications?
- What do these qualifications mean?

## What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A Brochure by clicking this link: <https://adviserinfo.sec.gov/firm/summary/111304>

- **Asset Based Fees** - Payable in arrears or in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- **Hourly Fees** - Payable In arrears;
- **Fixed Fees** - Payable In advance;
- Clients pay the following additional fees and/or expenses: transaction, trading or custody fees, travel and administrative expense per agreement;

## Examples of the most common fees and costs applicable to our clients are:

- Custodian fees;
- Fees related to mutual funds and exchange-traded funds;
- Transaction charges when purchasing or selling securities; and
- Other product-level fees associated with your investments

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

### Key Questions to Ask Your Financial Professional

- Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

### What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- **Private Fund Affiliation:** We serve as the general partner or are affiliated with one or more private funds (private pooled investment vehicles). Our Company, certain members of its management, and other knowledgeable employees may acquire, directly or indirectly, investment interests in our fund or have other financial interests (e.g. General Partner, Officers, Board Members, etc.) in the funds. This presents a conflict of interest because we have investments and/or are compensated by the private funds.
- **Third-Party Payments:** Westfield Risk Solutions LLC, which is owned by two partners of RTWM, works with insurance brokers and agents on behalf of our clients to meet their insurance needs. In addition, persons providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products. Insurance commissions are separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. You are under no obligation to purchase insurance products through our investment advisors, Westfield Risk Solutions, LLC or any referred insurance company.
